LOCATION

North America, Work From Home

OUR COMPANY

Livventus is a full-service business technology solutions company. We offer dedicated teams of full-time developers, designers, marketing professionals, network managers, and business consultants. We have created and managed, from the ground-up, dozens of eCommerce sites that generate tens of millions of dollars annually. We have created and implemented CRM Systems, paperless office systems, purchase order systems, 3D imaging tools, and customer service applications. We have done work and continue to manage applications for companies like Tag Heuer, daVinci Prepaid, Glenetronics, Relay Health, NOW Foods, Good Feet Worldwide, Broadway Direct, and more.

POSITION DESCRIPTION

We are looking for an experienced PHP application developer to lead and/or assist in the development of large scale web-based applications. The requirements include 3+years of experience developing in PHP and open source languages, extensive knowledge in MySQL, jQuery, JavaScript, and knowledge of other popular server technologies, like Dru pal, WordPress, and Joomla used to implement PHP web applications. Knowledge of UNIX & Web Hosting is a plus. Candidate must be able to work in a team setting as well as an individual setting and must have strong architecture and conceptual skills.

RESPONSIBILITIES

- Code new and existing projects using LAMP Stack/PHP code.
- Develop front-end web components using CSS, JavaScript, HTML5, CSS3, jQuery Mobile, Bootstrap.
- Customize platforms including Magento and/or WordPress.
- Follow agile methodologies and practices around requirement analysis, design, and development.
- Sending form data to RESTful API's using Ajax calls.
- Architect, create, and program relational database like MS SQL, MySQL, and PostgreSQL.
- Manage Windows servers and XAMPP servers.
- Code using web technologies including PHP, Ajax, and MS .NET.
- Work with and building responsive UI Design with industry standard frameworks.
- Work in a team environment creating and supporting enterprise grade applications.
