

Application Developer

Position Description

Are you an experienced .NET application programmer who can lead and/or assist in the development of large scale Windows and Web based applications? Successful candidates must have extensive knowledge in SQL, JQuery, Javascript, and overall knowledge of ASP.NET and other related server technologies used to implement .NET applications. Successful candidates must be able to work independently and in a team setting. If this matches your skill set, you should consider this position.

Title Application Developer

Location Work from home / Northbrook, IL
